

STIEBEL ELTRON

AHSCA QLD Networking Night

Stiebel Eltron invites AHSCA QLD Hydraulic Consultants to join them in the Brisbane showroom.

We're excited to invite you to an in-depth presentation on our commercial heat pumps and prefabricated skid packages, now available. On the night, Benjamin Reul and Tom Stephenson will lead the presentation, followed by a Q&A session. Glenn Day will also be providing an update on how these products align with policy, NCC and third party schemes. Our showroom has been updated to feature a skid package display, giving you a chance to see the product up close.

Date: Tuesday 22 July 2025

Time: 5:30pm – 7:30pm

Location: 25 Montpelier Rd, Bowen Hills

Parking: Available at Homemaker Centre

RSVP: By Tuesday 15 July
